THE WOOL QUESTION.

Effect of the Passage of the Mills Bill Discussed.

Eastern Manufacturers Express Their Opinions in Print.

They Concede That Home Wool Would Drop in Price.

And That the Repeal Would be a Protecting Blow.

Effect of Repeal of the Wool Duty.

BOSTON, April 19—The wool question was discussed by several prominent manufacturers in the Evening Record. The president of the Association of Woolen Manufacturers, William Whitman, said in answer to the inquiry: "What will be the immediate effects of the repeal of the duty on wool proposed in the Mills bill? It will operate first to reduce the price of our home wool materially, and to raise somewhat the market price of foreign wools. That this result will follow the repeal will not be denied by frank spoken men in the wool business. The fall at home would be much greater than the rise abroad."

"What effect would this falling off in the price of home wool have upon the wool growing industry of the country?"

"As to that," replied Whitman, "I can give only positive declarations and assurances of chosen representatives of the wool growing and woolen manufacturing industry. To what extent it might recover under the changed conditions is a purely speculative and undetermined point."

Fifteenth Congress.

SENATE.

WASHINGTON, April 19.—Hoar offered a resolution, which was referred to the committee on foreign relations, providing that an official reporter shall be admitted to report debates and proceedings of the senate when the fisheries treaty shall be under consideration, and the report of such part of it as may not require secrecy may be published if the senate shall so order.

The senate then resumed consideration of the bill for the admission of the state of Dakota, and was addressed by Plumb in support of the bill. Others also addressed the senate for and against the bill. The debate reverted to the question of outrages in Mississippi, in the south. Call, Berry, Hoar, Edmunds, Sherman and Vest participated in the discussion, which was at times quite excited. The senate finally came to a vote on the substitute for the Dakota bill, which was defeated, yeas 23, nays 26, and the bill itself was passed, yeas 26, nays 23, a strict party vote.

A bill reported and placed on the calendar for the appointment of an associate justice for the territory of Utah. The senate then adjourned until Monday.

HOUSE.

The house postponed further consideration of the tariff bill until Tuesday next, and took up the Indian appropriation bill. An amendment was adopted appropriating $10,000 for the education of Indian pupils in Alaska.

An amendment was adopted striking out the provision for an inspector of Indian schools, and providing for a superintendent of Indian schools.

Barns of Pennsylvania offered an amendment providing that industrial day and training schools where church organizations are assisting in educational work the Christian Bible may be taught in the native language of the Indians, if in the opinion of persons in charge of the school it is deemed conducive to the moral welfare of the pupils. Adopted.

The committee then rose.

Randall of Pennsylvania moved to strike out the clause appropriating $2,858,000 for the payment of the Choctaw judgement, and the previous question was ordered on this motion and the final passage of the bill.

The motion went over and the house adjourned.

M. K. & T. Affairs.

NEW YORK, April 19. At a special meeting of the directors of the Missouri Pacific road to-day, President Gould presented a long report concerning the Missouri, Kansas & Texas road, which the directors took under advisement. After detailing the provision of the lease by the Missouri Pacific of ninety years of the M. K. & T., the rental being the net earnings, he describes the many improvements which have been made, during the past eight years and says the Missouri Pacific has now advanced the M. K. & T. upon $800,000 to meet current interests. These advances were necessary during periods of light earnings, and large advances will be required to carry the M. K. & T. along until improved earnings can be received from the new crop. In the meantime interest payments must be met amounting in the aggregation to over a million and a half dollars. During the past year the credit and earnings of the M. K. & T. have been shaken and diminished because of the failure of the entire corn crop on the company's line in Missouri and Kansas, because of the construction of three rival lines into Texas and because of litigation of the income bondholders with threatened in an unfavorable decision in a lower court. To save further expense the directors adopted a plan of settlement which involved an increase of 5 per cent in the general consolidated mortgage bonds of $1,500,000, the holders of the Missouri Kansas and Henderson first mortgage bonds to the amount of $2,000,000 and cash payments of $211,000. Even these exceedingly favorable terms were refused by certain holders of the smaller issues of bonds and judgments and inducement for the amount of their claims in cash. Orders entered within the next few days, "On my return," said Mr. Gould, "I was astonished to learn that a few weeks since from absence abroad" and Mr. Gould, "it was announced on public prints that a syndicate of great financial strength had taken hold of the affairs of the M. K. & T. and that a board of directors of equally strong names would be presented for election at the coming annual meeting. This movement met my cordial approbation and I cheerfully decided not to make any opposition. I have given up time and attention to the affairs of the company for over eight years as president without receiving a dollar of salary therefor, and I was not only willing to stand aside in favor but also welcome any one who

London, April 19.—The following dispatch has been received by the Exchange Telegraph company: "Berlin, 2.30 p. m. The condition of the emperor is less favorable. He is losing strength and the general belief in his approaching death is gaining ground."

London, April 19.—A dispatch from Berlin dated noon stated that the emperor had not arisen at that time. He slept only forty-five minutes during the night. His throat trouble has recently slightly abated.

Berlin, April 19.—The emperor did not leave bed to-day, and accounts current of his sufferings are distressing. He does not cease writing.

Berlin, April 19.—A dispatch from Berlin to the times says: At midday the emperor's temperature was high, but owing to the immense discharge through the cawula the patient was much better.

Phelps Selected.

NEW YORK, April 19. The Tribune's Washington correspondent telegraphed: It is conceded on all sides to-day that Minister E. J. Phelps will be nominated for the chief justiceship. The president is not in the habit of confiding to the senators what he is going to do regarding important appointments, but in this instance he is reported to have said to at least one senator that the selection of Phelps was determined upon.

Democratic Caucus.

WASHINGTON, April 19.—A caucus of democratic senators was held this morning to hear Senator Morgan upon the fisheries treaty. The question of considering it in open session was decided adversely by a small majority. The sentiment was in favor of immediate consideration of the treaty and to the best exertions of the democrats for its ratification.

Strike of Brewers.

CINCINNATI, April 19.—Some 400 men employed in about a dozen breweries here struck to-day on the refusal of the owners to negotiate with the brewers union regarding difficulties.

REPUBLICAN STATE CONVENTION

HEADQUARTERS OF THE REPUBLICAN STATE COMMITTEE,
DENVER, COLO., April 4, 1888.

In accordance with the instructions of the Republican State Central committee a convention of the republican party of Colorado is hereby called to meet at Pueblo on Tuesday, the 15th day of May, 1888, at 10 o'clock a. m., to elect six delegates and six alternates to the national republican convention to be held at Chicago, Ill., on the 19th day of June, 1888, to nominate candidates for the position to be voted for the offices of president and vice-president of the United States, and to transact such other business as may properly come before said state convention.

The several counties of the state will be entitled to representation in said convention as follows, to wit:

	Delegates.		Delegates.
Arapahoe	25	Jefferson	3
Archuleta	1	Lake	11
Bent	2	La Plata	4
Boulder	5	Las Animas	14

Garfield	6	San Miguel	5
Gilpin	10	Summit	3
Grand	3	Weld	12
Gunnison	6	Washington	2
Hinsdale	2		
Huerfano	10	Total	250

The basis of apportionment is one delegate to every seventy-five votes cast for Hon. Alvin Marsh for attorney general, and one delegate for the fraction of twenty-five or over thereof, for all counties except Weld, Washington and Logan; for which the vote for Hon. T. M. Robinson is taken. Under the resolution of the committee, Weld county is entitled to the March basis, but by common consent it accepts the Robinson vote as being the equitable basis, in view of the fact that at the last state election Logan and Washington counties were included in Weld. Each county of the state is given [illegible]

A full convention of delegates is earnestly desired.

H. A. W. TABOR, Chairman.
I. N. STEVENS, Secretary.

—The name of Minister Phelps is prominently mentioned for the vacant chief justiceship. His appointment would be generally acceptable, and that measure finds favor in the partisan journals of the New York Tribune.

—The serious illness of the German emperor, the proposed marriage of Prince Alexander of Battenburg and the Princess Victoria, and the growing importance of General Boulanger threaten to disturb the serenity of European diplomatic circles.

—The senate yesterday passed the bill for the admission of Dakota by a strict party vote. The democratic majority in the house will now have an opportunity to show whether the party can rise above partisan influences and act in accordance with the principles of justice and equity.

—The supporters of Judge Gresham suffered an overwhelming defeat in the district conventions held in Indiana yesterday to nominate delegates to the republican national convention. Gresham would be a far stronger candidate than Harrison, but he was knifed by John C. New and other republican leaders of that stripe, who opposed him because he would not countenance their political methods.

—The Mormons seem to have abandoned all hope of securing the admission of Utah as a state, on the ground that polygamy has been suppressed. At the recent Mormon conference in Salt Lake City it was openly and defiantly declared that polygamy was a fundamental doctrine of the Mormon religion. Elder Clawson, whom President Cleveland recently pardoned out of the penitentiary, where he was serving a sentence for having violated the law against polygamy, took a prominent part in the conference. His speeches showed that he was just as arrogant a polygamist, notwithstanding his recent experiences. It seems hardly possible that the democratic party will [illegible] Mormon cause, and support the bill for the admission of the territory in the face of such declarations. The Mormons have fully demonstrated the insincerity of their professions made a few months ago, that polygamy would be abolished.

—President Cleveland's renomination now seems virtually assured, but the platform upon which he is to stand will depend on the [illegible] of early from the profound statesmanship of the democratic party. The low tariff men of the west and south and the high tariff democrats of the middle states must be united. Nothing must be said to antagonize either the silver men of the west and south or the gold men of New York, while some lofty conception is due to the wagon-mongers of the country. Tariff reform, which, judging by his recent actions, the president has lost his character. The problem presented for solution to the democratic managers in the making of their platform is a combination of free trade and protection, the suppression of [illegible] with the spirit of the time and still retain reform. The statesman who can make a platform embodying all these [illegible] the man for [illegible] Hewitt to [illegible] the convention on merits for the party has never failed to produce men who could shape its policy in any and all direct ions. But the democrats must remember that President Cleveland is a larger man in some respects than he was four years ago and he will require a stout platform to stand upon. The country this year will not want to know so much about the man as the principles and policy of the party which he represents. Just at present the party apparently has no policy, except that which the president has outlined for it. If the national convention refuses to [illegible] still make him its candidate, the country will be treated to the interesting spectacle of a candidate running on a platform directly opposed to his ex[illegible] views. The stimulating atmosphere of St Louis may, however, relieve the party of the embarrassment under which it is now laboring.

THE GAZETTE.

FRIDAY, APRIL 20, 1888.

Street cars will be running to Colorado City in the course of a few days.

All the hotels of the city are crowded to their fullest capacity most of the time.

The police magistrate yesterday fined a man for fast driving and another for fighting.

Dr. W. W. Arnold has so far recovered from his recent illness as to resume his office duties.

Mrs. Alice J. Stackweather has filed a plat of Brookett ditch No. 1 with the county clerk.

A murderous Mexican blunderbuss is on exhibition in the window of Davis' jewelry store.

A number of Colorado Springs people are stopping at the Phoenix hotel in Las Vegas, New Mexico.

The old folks party which was to have been given at the Armory hall this evening has been postponed.

A regular meeting of the board of trade will be held this evening. A full attendance of members is requested.

The new school district in the Four Mile valley has been organized. Mr. J. W. Kittridge is president of the board.

Mr. David Meshane expects to complete the large storage reservoir for the Broadmoor company some time next week.

The members of the Colorado Springs club are now fully installed in their magnificently furnished rooms in the second story of the opera house.

Mr. Sheffield Phelps and Captain Arnett have been admitted to the bar and will soon open a law office over the Pike's Peak Dry Goods emporium.

The regular weekly meeting of the Phoenix literary society will be held in the college chapel this evening. The [illegible]

The contest for the office of postmaster, made vacant by the resignation of Postmaster J. P. Love, has narrowed down to Messrs. J. R. Theilings and R. A. Myer.

Mr. J. F. Humphrey has recently received several new side-bar surreys, buggies and a fine assortment of the latest livery equipments. He is now making a specialty of furnishing hacks for afternoon calls.

Reserved seats will be placed on sale at Bell's drug store this morning for Patti Rosa's engagement at the opera house next Monday evening. She will appear in one of Lotta's greatest successes, "Bob."

A span of mules were stolen on Tuesday night from a man by the name of Henderson who was camped with his family just west of the Huerfano street bridge. As yet there is no clue to the thief or thieves.

Mr. W. E. Smiley, manager of the Iron Springs Hotel company, is now prepared to fill all orders for bottled Manitou iron water, and to deliver the same. Orders may be left at Robinson's drug store. See advertisement in another column.

Last evening shortly after eight o'clock a leather trunk was stolen from one of the hotels, which was found about eleven o'clock near the Denver & Rio Grande depot. The trunk had been cut open and a suit of gentlemen's clothes and an overcoat taken.

The dance which will be given this evening at the city hall by the Firemen's band, for the benefit of Mr. A. S. Taylor, promises to be an enjoyable affair. The opera house orchestra will furnish excellent music, and a good time is guaranteed all who attend.

Mr. Peter Morhanner ascribes his success in the furniture polish business to his unlimited conversational power. He has an inexhaustible vocabulary which he has employed to good advantage in ingratiating himself into the favor of the fair sex. He fully believes that his greatest ally is his tongue, which furnishes just as good an article of polish as that with which he brightens up chairs, pianos, etc.

On Wednesday afternoon Ben Martin (colored) had his preliminary examination before Justice of the Peace Shideler. He was charged with shooting Charles Chapman, also colored, at the Santa Fe depot a few weeks ago. After hearing the evidence the justice held him in $300 bail to appear at the next term of the district court, which he furnished. Chapman, who was arrested on a warrant sworn out by Martin on a similar charge, was to have had his examination before Justice Corban on a change of venue yesterday, but, owing to the absence of County Attorney Campbell in Denver, it was postponed.

At the close of the Good Templars' lodge meeting on the following resolutions were adopted:

Whereas, It has pleased a Divine Providence to take from our midst our much beloved brother, James M. McCarthy; therefore be it

Resolved, That we, the members of Colorado sparkle lodge, I. O. G. T., sincerely feel that we have lost one of our most earnest and faithful members.

Resolved, That the charter and regalia of our lodge be draped in mourning for thirty days.

Resolved, That [illegible] tenderly sympathize in the [illegible] bereavement.

Resolved, That a copy of these resolutions be placed upon the records of the lodge and also published in the city papers.

On Wednesday afternoon Sheriff Jackson's warrants were taken out for the arrest of the parties charged with larceny of [illegible] from Callaway & Stark during the month of November. There are four parties who are believed to be interested in the robbery, the participation of which were revealed to the officers by a man who was on intimate terms with the suspected parties. The principal of the affair was located a short time ago at Durango, and on Wednesday, through information furnished by Sheriff Jackson he was placed under arrest by the authorities of La Plata county. Last evening Deputy Sheriff Brazelton left for Durango for the purpose of bringing him to this city. At the time of the robbery he had charge of the slaughter house south of the city owned by Callaway & Stark. The parties under arrest in this city claim that he sold them the meat. He had been directed by his employers not to kill the two beeves for the reason that one was in poor condition, and the other had been bruised in the car while being brought to the city. The meat from the latter animal they intended to convert into yellow. But both were killed in the slaughter house and the parties who claim to have purchased the meat made it into sausage, which they sold to the city markets. All the meat was transferred from the slaughter house during the night. Other persons besides those under arrest are suspected of complicity in the affair, and one man is already under surveillance.

The Granger Land and Town Co.

Now Offers For Sale the Entire

Town Site of Granger,

EL PASO COUNTY, COLORADO.

GRANGER is situated on the line of the Denver, Texas & Gulf R. R., [illegible] miles northeast of Colorado Springs, in the center of the best Agricultural District in Colorado. The rainfall is sufficient to perfect good crops, and irrigation is entirely unnecessary. All the available Land within a radius of twenty-five miles has been taken up by bona fide settlers. Improvements are rapidly being made all over the occupied land.

Granger has one of the best Town Sites in the State. It commands an extended view in every direction. The site is almost perfectly level, with a slight fall to the southeast. **Water is obtainable within 10 feet of the surface on the entire Town Site.** The streets are [illegible] feet wide, and the lots are all 25x150 exclusive of the business lots, which are 25x100 feet. The town lies on both sides of the railroad. **The Surveyed Line of THE CHICAGO AND ROCK ISLAND RAILROAD Runs Parallel with that of the DENVER, TEXAS & GULF RAILROAD through the Center of the Town, and forms a Junction with the latter at this point, and will be the Construction Headquarters of Rock Island Extension to Colorado.** Granger is destined to become an important town in the near future by reason of its location. It is an Objective Point on the lines of all the Railroads now heading for the Rocky Mountains, and also from the fact that it is located in a Rich and Fertile Region, where good water is reached at a shallow depth. It is an important Shipping point on the D., T. & G. R. R. for a large section of country in the matter of business handled Granger ranks third on the line of the road.

The lots will be sold on the popular Allotment Plan, as follows:

PRICE, $25.00 Each.

The drawing for location, due notice of which will be given, will occur not later than May 1st next, and will be conducted by a competent committee selected by the certificate holders.
